

WHO WE ARE

Since over 50 years, WIP Renewable Energies provides platforms for knowledge transfer by managing international research and innovation projects, organising leading conferences and events, and providing trainings and capacity building for a sustainable energy future.

With a solid track record of over 100 projects implemented in the field of renewable energy, WIP is a highly efficient and reliable partner. Our international team of qualified multi-disciplinary EU-funding enthusiasts is ready to help you!

WHAT WE OFFER

TRAININGS ON EU-FUNDED PROJECTS

WIP organises courses and practical workshops covering:

- Efficient management and coordination of EU projects
- Successful proposal structuring and writing
- Budget preparation and financial management
- Effective communication, dissemination and exploitation strategies
- Introduction to EU funding landscapes

The trainings at WIP Renewable Energies include both theoretical components and practical exercises. They can be organized upon request and customized to suit your specific requirements.

EXPERT SUPPORT FOR PROPOSAL PREPARATION AND WRITING

Are you a first-timer writing a proposal for an EU project? Or are you looking to submit one hassle-free? WIP provides expert support by assisting you with:

- Developing your project idea in renewable energies or related areas
- Partner selection and consortium establishment through our worldwide network
- Identifying the right opportunity in the intricate EU funding landscape
- Proposal structuring, writing and submission
- Proposal review by our in-house expert evaluators

From successful application to project completion, our service guides you through every stage of the process and can be tailored to individual needs.
